

Dear colleagues near and far,

in the newsletter of July 2022 I already introduced myself. By the way: my last name has changed from Wobbe to Teipen, which is important information for you. As Linda Teipen I follow up Johanna Gunkel in the ICAAT Coordination.

For a while we are still working in parallel. With the Art Therapy Conference in January 2023 Johanna will say goodbye to the ICAAT team (a good chance for you to say goodbye to her personally!).

I work as an art therapist with a focus on painting but also sculpting in the anthroposophic hospital of Herdecke (Germany) with patients of the internal medicine, oncology and palliative medicine, the early rehabilitation, spinal cord injuries. I also work in a hospice in Dortmund.

At the moment I am looking forward to getting to know you and joining the ICAAT team!

For this purpose I would like to invite you to an open Zoom meeting. It is very interesting for me to hear from you personally in which fields of work you are active and where your special focus or skills are. In addition, I am of course interested in whether you have any open concerns for the ICAAT team and the Department of Painting & Sculpture.

I would like to suggest the following dates:

**Zoom Meeting in *German*: 05 December 2022,
19.00 CET**

**Zoom Meeting in *English*: 08 December 2022,
13.00 CET**

Please register at: linda.teipen@medsektion-ikam.org

I will then send the zoom-link to you.

I am looking forward to meet you!

Warmly,
Linda
